W44 ESCALATOR

**A NEW DUAL FUNCTION MACHINE FOR
ESCALATORS AND TRAVELATORS**

**ROBUST - FUNCTIONAL - EFFICIENT
RELIABLE - VERSATILITY**

W44 escalator represents an excellent solution to all cleaning problems of escalator and travelators, in common and extraordinary situations. It's extremely sturdy because it's completely built in aluminium and steel structure, it assures an excellent cleaning result with a reliability, a simplicity of use and maintenance really remarkable.

W44 escalator results extremely interesting and convenient, as with an easy operation in some minutes it's converted in a valid floor/carpet scrubber of medium dimension.
